

Military Service Academy Nomination Process

OFFICE OF CONGRESSMAN DAN NEWHOUSE

To be considered for an appointment to a service academy, an applicant must have a nomination from an authorized nominating source. Title 10, US Code Annotated establishes two nomination categories. The first, usually referred to as “congressional nominations,” includes the nominations of the Vice President and Members of the United States House of Representatives and Senate. The second, referred to as “service connected” or “military-affiliated” nominations, includes the selections of the President and nominations of the appropriate service. Appointment to an academy includes a four year scholarship with a service obligation. Each academy’s freshmen class convenes in late June/early July. Therefore, high school students will be submitting their applications during the fall of their senior year and will enter the academy right after high school graduation. Students will be notified of their acceptance by April of the year they enter the academy.

General Nomination Admission Standards and Eligibility

The following eligibility requirements must be met by each applicant as of July 1 of the year of admission to the service academy.

Age	Must be between the ages of 17 and 23 years old
Citizenship	Must be a United States citizen
Marital Status	Unmarried, not pregnant and have no legal obligation to support children or other dependents

A candidate's competitive standing is determined by his or her high school academic records, rank in class, SAT or ACT standardized test scores, recommendations, leadership development potential, interest in the maritime industry, and the potential to develop into a competent officer. Required tests must be taken within 18 months of the application deadline. Candidates must also pass a medical exam set forth by the Department of Defense Medical Examination Review Board (DODMERB).

All of the academies require applicants to pass a Candidate Fitness Assessment (CFA). The purpose of this test is to evaluate your coordination, strength, speed, agility, and physical endurance. You will receive information to ensure the results are sent to the academy. It is very important that each applicant maintain a vigorous exercise program in preparation for attending the

academies. *It is highly recommended that you have all your medical requirements and CFA completed before your interview.*

Nomination Information

A competitive candidate will typically exhibit the following qualifications:

- SAT scores of at least 1300, or ACT scores of 29 English and 28 Math.
